➤ **Vision :-**

"Arise, Awake and move to achieve the goal" - This is the motto of Janata Shikshan Mandal and our college always works in the light of this vision. The vision ensures that access to higher education is open to all the disadvantaged sections of the society, that the goals of social justice and equity are paramount. We give great importance to the development of requisite skills among the girls and boys belonging to the weaker socio-economic strata, enabling them to survive and succeed in the competitive world. We strive to develop our students into socially responsible and cultured citizens.

➤ **Mission :-**

The Mission of Institution is **"We the management, staff and students of the JSM College are committed to Integrity, Creativity, Civility and Dignity of labour."** The motto of Institution is "Arise, awake and move to achieve the goal". The mission and motto ensures that access to higher education is open to all the disadvantaged section of society, that the goals of social justice and equity are fulfilled. Father of nation quoted on learning society as "Learning for life, learning from life and learning throughout life". We give great importance to the development of requisite skills among the girls and boys belonging to weaker socio-economic strata, enabling them to survive and succeed in competitive world. We strive to develop our students into socially responsible and cultured citizens.

➤ **GOALS OF THE COLLEGE -**

The vision and mission ensures that access to higher education is open to all the disadvantaged sections of the society, that the goals of social justice and equity are fulfilled. We give great importance to the development of requisite skills among the girls and boys belonging to the weaker socio-economic strata, enabling them to survive and succeed in the competitive world. We strive to develop our students into socially responsible and cultured citizens.

➤ **OBJECTIVE** :

In order to translate this mission statement into action, the management has

i) Started professional course in I.T., Computer Science, Management, at reasonable price. These courses impart skills and competence to shoulder the challenges of the competitive world.

ii) Do not restrict admissions to the few fortunate “haves”. Most of our students have had little exposure to modern skills and professional aptitude given their unfortunate socio-economic background. Most of them have very low score at the entry point. But we nurture and develop their latent talent. Give them confidence & guidance to overcome the obstacles.

iii) Give equal importance to co-curricular activities. Mere acquisition of academic credentials does not lead to all round development. Our extension activities like NCC, NSS, Cultural and Sports are given substantial funding and attention so that human values and leadership qualities are inculcated into the students.
