

J. S. M. College, Alibag – Raigad

Proposal for organizing Conferences/ Seminars and Workshops (2022-23)

Nature of the Programme Conferences/ seminars/ workshops	Seminars
Level of the Programme International/ National/ State/ University	National Level.
Theme of the Programme	Annexure-I: A note on the theme
Target group – Students/ Faculty members / Parents etc.	Students & Faculty
Sponsoring/ Associating agency if any	NIL
Department/ Faculty which propose the programme	CHEMISTRY Department.
Name of the Programme Convener	Prof. A.V. Jadhav <i>Head of Chemistry</i> J. S. M. College Alibag - Raigad
Duration of the programme & Probable date/s	one day, Wednesday on 01-03-2023
Outline of the Programme	Annexure-II: Abstract of the programme
Resource Persons / Experts to be invited	Annexure-III: List and details of experts Prof. A.R. Mehendale.
Estimated budget for the programme	Annexure-IV: Details of budget Rs. 2000/-
Verified the proposal Convener of the Committee	Dr. S. A. Kannde <i>Jadhav</i>
Recommended to process further In-Charge of the Committee	Dr. P. V. Phate. <i>Phate</i>
Remarks of the Principal	Recommended for permission to Hon'ble president, Jawahar Shikshan Mandal

Head of Chemistry Dep.
J. S. M. College Alibag
Dist - Raigad.

– permission may be please given
to organise the seminar *Phate*
14.2.2023

J.S.M. College, Alibag- Raigad

Department of Chemistry

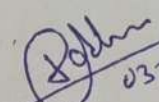

Notice

National level seminar for students & faculty.

All the T.Y.B. Sc. and M.Sc. part- I students of our college are informed that on 1st March 2023, Wednesday at 11.00 am an offline/online national seminar is organised by the department of Chemistry, in the T.Y.B. Sc. Chemistry lecture hall.

The attendance to this seminar is compulsory.

H.O.D.

Department of Chemistry

Head of Chemistry Dept
J. S. M. College Alibag
Dist - Raigad

Annexure-1:

A note on the theme:

Department of chemistry are happy to arrange the seminar for the Third Year B.Sc. and M.Sc. part I students. The objective of seminar is mainly to explain the principles involved in various analytical techniques, methodology and instrumentation.

Analytical Chemistry has developed into a major branch of chemistry as a result of an evolution of analytical methods for over two hundred years. The so-called classical methods, although time-consuming, can still give reliable results in the hands of a good analytical chemist.

Mass, Atomic, Molecular spectroscopy and use of computers in chemical analysis are modern methods introduced in the analytical chemistry. The methods of recent times—the modern methods, utilise sophisticated instrumentation and in almost all cases utilise electronic circuitry. These techniques are highly sensitive and much less tedious.

For T.Y. & M.Sc. analytical chemistry part is a judicious mix of both classical and modern methods of analysis. The budding analytical chemist can gain knowledge and inspiration by looking into the past as well as the future. All that is expected of an analytical chemist is an analytical mind which allows him/her to arrive at a rational decision about the problem under investigation.

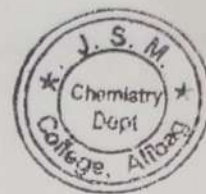

Hence to cater the needs of the students & to provide research, such seminars are mostly welcomed. Such seminar help the students also faculty to study and prepare well for the examination & research.

Annexure-II:

Abstract of the programme.

- 1) Introduction, theme, aim & objectives of arranging such seminars
- 2) Introductory speech of experts
- 3) Breaking with analytical chemistry expert speech
- 4) To the needs of the students to study & prepare well for the examination and to provide the stimulus for further study in analytical chemistry field by resource person.
- 5) Vote of thanks.

Annexure-III

List & Details of speakers

- 1) Resource person / Experts: Prof. A.R. Mehendale
- 2) Vice principal / HOD
- 3) Prof. Hake / Prof. V.S. Patil.

Annexure-IV

Budget Details:

- 1) Rs. 2000/- (Two Thousand) as a remuneration for seminar to Resource person.
